

****GLASS HOUSE****

Music Direction: Cold, paranoid-tension Boom-Bap at 92 BPM. Sub 808s sit low and coiled, buried under static-laced ambience that mimics surveillance-feed hiss. Snare hit dry and close, 3-5kHz, no reverb tail — everything sounds recorded, not performed. A distorted, detuned guitar drone hums under the hook for menace. Lead vocal: flat, controlled, unshaken — never raises volume to prove a point. Ad-libs are dry, muttered, almost overheard rather than delivered.

[Intro: Spoken | cold, heavy sub bass, street noise buried under static]
(Yeah... this the part they hoped you'd never say out loud.)
(Y'all really thought I wouldn't catch that?)
(Cute.)

[Verse 1: Tight pocket, dismissive]
Y'all swear I'm STUPID? Man, cut the bullshit.
Same weak-ass SETUP with a fresh coat of stupid.
"Go ahead, TAKE it..."
Nah, bitch, TAKE notes.
I'm already READIN' every move that you wrote.
One fool playin' FRIENDLY, one fool STAYIN' hid,
Whole damn CIRCUS hopin' I flip my lid.
You call it a TEST?
I call it a TELL.
Only broke-ass ACTORS rehearse that well.
While you busy FISHIN', I'm filmin' the dock.
Every fake-ass GRIN...
Every tick of the CLOCK.
Thought you had a VICTIM...
Wrong damn day.
I don't chase BAIT...
I expose the play.

[Hook: Full, layered, unshaken]
You wanted a fool...
You got a FUCKIN' mirror!
Now you gotta stare while the picture get CLEARER!
Authenticity ain't OPTIONAL!
Fake don't LAST!
Y'all built a glass house...
Then started throwin' TRASH!
Keep playin' games...
I keep STACKIN' facts!
When the smoke all clears...
Who the hell got THAT?

[Verse 2: Controlled, cutting]
Then come the SWITCH.
Man, that shit's PREDICTABLE.
Soon as the setup FAILS, everybody gets biblical.

Now I'm the PROBLEM?
Now I'm INSANE?
Funny how the script always END the same.
First you PROVOKE...
Then you CLUTCH your chest.
Like your own damn FINGERPRINTS vanished from the mess.
Whole damn CHOIR singin' off-key lies,
Hopin' loud beats TRUTH in people's eyes.
Too bad...
I ARCHIVE everything.
Videos...
Time stamps...
RECEIPTS by the string.
You brought the THEATER...
I brought the playback.
Now every damn LIE got a soundtrack.

[Bridge: Spoken | flat, watching]
Talk slick.
Whisper.
Point.
Stare.
I've seen that smoke before it hit the air.
You busy playin' checkers with a plastic grin.
I'm documentin' patterns...
Y'all documentin' spin.
Pressure don't fold me.
Pressure reveals.
Fake always cracks...
Real always heals.
Every dirty move...
Every sideways glance...
Y'all keep diggin' holes.
I'm markin' the map.

[Final Hook: Full, escalating]
You wanted me shook...
I got LOUDER!
You wanted me small...
I built TALLER!
Authenticity ain't OPTIONAL!
Remember that SHIT!
The truth don't panic...
It just don't QUIT!
Keep your bait!
Keep your ACT!
I'm still here...
And I kept the FACTS!

[Outro: Spoken | calm, unbothered]

Next time...

Bring a better script.

The last one folded before Act Two.
