

Love is like Wu Wei

[Intro: Ancient bamboo flute, guqin, soft wind chimes, distant mountain stream, and airy pads bloom in wide stereo. No drums. Vocal almost confessional but rhythmic with a militant cadence]

The concrete WAKES up SLOW, city
CATCHIN' its BREATH,
Love ain't no CONTRACT, it's a CROW
DUCKIN' death.

Slides through the SIRENS, GHOST
through the HAZE,
Here for a SECOND, then GONE for
some DAYS.

[Verse 1: Hard West Coast drill groove drops. Deep 808s, crisp rimclick snare, sparse piano stabs, rolling hihats, dark bassline. Rap delivery measured and chestforward.]

Love's like a PIGEON over CRACKED
up BLOCKS,
Rise with the SUN, fall when the NIGHT
sky LOCKS.
A SEED in the GUTTER still CRACKIN'
through STONE,
A SPARK in the LOT where the LIQUOR
store's KNOWN.

Watched it LIGHT up a FACE, watched
it BURN into ASH,

Watched a WHOLE future GET
SWALLOWED in a FLASH.

That's the LAW of the FLAME, that's the
RULE of the SKY,
Everything BREATHIN' gotta LEARN
how to DIE.

[Verse 2: Beat grows heavier with
booming subbass, dry percussion, eerie
synth textures, and relentless bounce.
Flow confident but reflective.]

I'm WALKIN' the LINE between
HUNGER and PRIDE,
One SIDE got SHADOWS, the OTHER
got LIES.

Not DRUNK off the DARK, not BLIND to
the GOLD,
STANDIN' on TRUTH with my PALMS
UNCLOSED.

TOMORROW might TEACH me a
LESSON I MISSED,
WISDOM still AIN'T done CALLIN' my
NAME yet.

The RHYTHM in my CHEST while the
CITY stay BROKE,
WIND on my BACK, faith STITCHED
into my COAT.

[Chorus: Beat disappears. Traditional
Taoist soundscape with guqin, dizi flute,
xiao, flowing water, temple bells, and

soft female harmonies floating freely
without modern percussion.]

Love don't WRESTLE, love don't BEG,
Love MOVE smooth where the
CURRENT is LED.

Love don't SHATTER, it BENDS and it
RIDES,
FINDIN' every ALLEY where the
WOUNDED HIDE.

Love don't WRESTLE, love don't
CHASE,
QUIET kind of POWER that TIME can't
ERASE.

Get STILL past the STATIC, past ALL of
the PAIN,

You gon' HEAR real LOVE CALLIN' your
NAME.

[Verse 3: Drill drums return stripped to
kick, rimclick, and sub. Closemic rap
with intimate intensity. Ambient city
textures underneath.]

Quit FORCING it.

Don't CHASE.

Don't DRAG.

WATER through the CRACKS where the
SIDEWALKS SAG.

WIND through an ALLEY where the
STREETLIGHT LEANS,

POWER so QUIET that it's MISTAKEN
for WEAK.

Ask the CANYON what the RIVER gon'
DO,
COLD nerves got HANDS that'll CARVE
straight THROUGH.

[Verse 4: Full rap production returns with
heavier 808s, sharper percussion,
haunting synth drones, and determined
cadence.]

I don't WANT the SHORTCUT wrapped
up in CHROME,
Ain't SCARED of the CLIMB on the
ROAD back HOME.
Wasn't BUILT to please EVERY MOUTH
in the CROWD,

Wasn't BORN to bend JUST 'cause
they're LOUD.

Got a VOICE in my RIBS that won't
STAY chained,
So I ANSWER the CALL every TIME it
says my NAME.

[Verse 5: Piano joins the drill rhythm
while subbass stays dominant.
Conversational flow over a spacious,
headnodding groove.]

I ain't RUNNIN' from LOVE,
Ain't WORSHIPIN' FREE.
Don't CLUTCH your FEAR, don't
CLUTCH your NEED.

Some HOLD too TIGHT to LONELY,
some GRIP APPLAUSE,
Both LEAVE scars WITHOUT a VISIBLE
CAUSE.

LOOSE grip on LOSS.
LOOSE grip on PRAISE.
TRAVEL too HEAVY, you'll DRAG
through your DAYS.

I'm LOOKIN' for a BREAK from the
THRONE in my HEAD,
Where the EGO wear the CROWN and
the SPIRIT play DEAD.

[Chorus: Return completely to traditional
Taoist instrumentation. Guqin leads

while dizi flute answers. Female vocal
glides above natural ambience with no
hiphop drums.]

Meet me in the MIDDLE where the
HEARTBEAT stay TRUE,
Not DROWNED in the DARK, not
CHASIN' the VIEW.
BALANCE ain't FROZEN, it's a FLAME
in the RAIN,
STAND through the STORM and
REMEMBER your NAME.

Meet me in the MIDDLE where the
SOUL can BREATHE,
FAITH 'fore the PROOF, hope 'FORE
you LEAVE.

Hands OPEN WIDE, let the OLD mask
FALL,
That's when REAL love ANSWERS the
CALL.

[Bridge: Traditional instruments sustain
alone. Temple bell resonance, mountain
wind, distant water, and meditative
silence. No drums.]

So I HOLD my CENTER,
Not 'cause it's SOFT,
'Cause it COST me EVERY SCAR I got.
BALANCE ain't STANDIN' still on a
SHELF,
It's STAYIN' UPRIGHT while the
WORLD spins ITSELF.

[Verse 6: Rap beat snaps back with minimalist drill percussion, subterranean 808s, and spokenword precision.]

Love sound like RELIGION in ONE
particular WAY,
FAITH 'fore CERTAINTY, HOPE 'fore the
PAY.

SURRENDER 'fore the MEANIN' gets
CLEAR,
Less a DESTINATION, more a
RHYTHM through the YEARS.

Like the CITY keep MOVIN' even
WHEN you're TIRED,

BECOMIN' who you ARE while you
WALKIN' through the FIRE.

[Final Verse: Biggest rap section.
Cinematic West Coast drill with
thunderous 808s, layered synths, crisp
percussion, orchestral tension, and
commanding vocal delivery.]

STAYIN' centered AIN'T
COMPROMISE, it AIN'T RETREAT,
It's COURAGE MINUS EGO, PEACE on
the STREET.
FREEDOM without EXCESS, CALM
without SLEEP,
A SOUL STAYIN' WOKE while the
NIGHT RUNNIN' DEEP.

In the MIDDLE of CHAOS, in the RUSH
of the CHANGE,
The SPIRIT REMEMBERS its
GOVERNMENT NAME.
LIFE unfold SLOW like a MAP in the
RAIN,
Like it ALWAYS KNEW the ROUTE
through the PAIN.

[Final Chorus: Female vocal soaring,
full-throated, cathartic.]

Love don't WRESTLE, love don't BEG,
Love MOVE smooth where the
CURRENT is LED.

Love don't SHATTER, it BENDS and it
RIDES,
FINDIN' every ALLEY where the
WOUNDED HIDE.

Love don't CLING and love don't
CHASE,
QUIET kind of POWER that TIME can't
ERASE.

Get STILL past the STATIC, past ALL of
the PAIN,
You gon' HEAR real LOVE CALLIN' your
NAME.

[Outro: Drums dissolve. Bass and
stream ambience remain. Vocal fades to
a whisper.]

Wind through the trees.

Traffic way off in the distance.

Water still movin'.

The city still breathin'.

And somewhere between the noise and
the silence,

Love find its own way home.
