

Script-Squeeze

[female vocal samples]

[Intro: Male, spoken, low, dead-eyed with a faint smirk | ad-libs: (yeah) (look)]

Y'all ain't dangerous.

Y'all just loud when the script got extras.

Take away the crowd, the whisper, the rumor...

Now it's just a coward, dry lips, fake-ass posture.

[Hook: Female ally, sweet voice, ruthless mockery | ad-libs: (mmm) (yeah)]

You get loud, still look like a clown,

Only talkin' big when your homies around.

Ain't nobody impressed but your bitch,

All that fake-ass bark, you ain't built for shit.

You get loud, still look like a clown,

Chest puffed up when the whole pack round.

By yourself, you quiet, don't make a sound,

Big bad wolf till the real one come around.

[Verse 1: Male, aggressive, hyper-rhythmic, cutting with a crooked grin | ad-libs: (talk) (hah) (yeah)]

Ain't nobody wake up sayin', "Lemme go be trash,"

They just hear one lie, let it settle, let it hatch.

One soft-ass warning got a weak spine twitchin',

Now the whole damn room act brave off bad fiction.

Start with the worker, no plan, no command,

Just a poison little phrase make 'em stiffen they stance.

"Watch him, he been trouble," now the dumb shit breathe,

By the time I hit the counter, I'm the threat that they need.

Now my silence look sinister, eye contact look wrong,

If I pause, I'm suspicious, if I stare, it's too long.

That's coward arithmetic, that's fear in a blouse,

Need a fake little villain just to feel like a house.

Tone get clipped, fake smile get thin,

Bathroom "out," whole air lock in.

Table "saved," service go stiff,

Tiny hoe moves, but they stack up quick.

Y'all ain't hard, y'all just petty with a script,

Lil worker-ass power make a weak bitch twitch.

Playin' tough off a rumor like that make you legit,

From where I'm standin', you just pack-noise and shit.

[Pre-Hook: Female, soft and cutting | ad-libs: (mmm)]

Watch how the noise get holy when the whole crowd listen...

Watch how the same damn wolf turn pup in the distance...

[Hook: Female ally, sweet voice, ruthless mockery | ad-libs: (mmm) (yeah)]

You get loud, still look like a clown,

Only talkin' big when your homies around.

Ain't nobody impressed but your bitch,

All that fake-ass bark, you ain't built for shit.

You get loud, still look like a clown,

Chest puffed up when the whole pack round.

By yourself, you quiet, don't make a sound,

Big bad wolf till the real one come around.

[Verse 2: Male, bounce-heavy, sharper humor, more disrespect | ad-libs: (yeah) (uh) (look)]

You a surround-sound savage when the room full of echoes,

Solo? whole soul shrink down to a demo.

Pack-mode pitbull, lone-mode bitch,

Need six fake witnesses just to make your chest lift.

Confidence rented, courage on lease,

Soon as the crowd thin out, so do your teeth.

You cosplay pressure, I walk in facts,

You rehearse fake rage, I don't need no tracks.

Group-chat gangster, thread-built thug,

Thumb-thuggin' heavy, face-to-face? shrug.

Voice on ten when your crew in range,

But alone get polite like your whole vibe trained.

You ain't dangerous, you just socially inflated,

A hot-air hoe with his fear laminated.

Clown-ass heart in a tough-guy fit,

Whole personality vanish when the room ain't thick.

That's why I laugh when you bark for the crowd,

'Cause your bass come borrowed and your bite too loud.

Take the pack off your back, now who the fuck is this?

Just a regular coward with a confidence glitch.

[Hook: Female ally, sweet voice, ruthless mockery | ad-libs: (mmm) (yeah)]

You get loud, still look like a clown,

Only talkin' big when your homies around.

Ain't nobody impressed but your bitch,

All that fake-ass bark, you ain't built for shit.

You get loud, still look like a clown,

Chest puffed up when the whole pack round.

By yourself, you quiet, don't make a sound,

Big bad wolf till the real one come around.

[Verse 3: Male, hardest delivery, cold contempt with a smirk under it | ad-libs: (yeah) (talk) (come on)]

Now stack that same lie in a couple more heads,

Everybody feel righteous while the truth play dead.

Each one think they sharp, each one think they read,

Whole room full of suckers gettin' brave off a seed.

Then security bite like he authored the threat,

Puffed up off hearsay and secondhand breath.

"Move along." "Can't stand here." "What's that?" bark bark,

Whole fake-ass manhood built from a gossiping mark.

He don't think he a weapon, that's the dirtiest joke,

He think he a hero 'cause suspicion got spoke.

From his side it's policy, from mine it's a choke,

'Cause enough little nudges turn the sidewalk to smoke.

That's the game right there, all bite on a borrow,

All courage on lease, all backbone hollow.

One tighten comfort, one tighten space,

One fuck with my peace, one all in my face.

And none of y'all think that you part of a machine,

'Cause the harm come tiny, not dramatic, not seen.
But I feel every inch, every glance, every script,
Every rumor-fed flex from a pack-trained bitch.
Y'all don't look tough, y'all look coached and convinced,
Like discount actors in a cop-themed skit.
And when the pack disappear, so do the theatrics,
'Cause without that support, you just soft and reactive.
[Final Hook: Female ally, sweetest tone, meanest words | ad-libs: (mmm) (stay up)]
You get loud, still look like a clown,
Only talkin' big when your homies around.
Ain't nobody impressed but your bitch,
All that fake-ass bark, you ain't built for shit.
You get loud, still look like a clown,
Whole damn style just a follower sound.
When the pack disappear, you get small real quick,
So keep frontin' for the crowd, little coward-ass bitch.
[Outro: Male, spoken, low, razor-flat with a half-smile | ad-libs: (yeah) (that part)]
That's why I don't confuse noise with power.
A lot of y'all only got volume.
Take away the script...
Take away the pack...
And there go your whole motherfuckin' personality.
