

You know, what's up

[Intro — spoken, low, close-mic male vocal]

You been talkin' 'bout me for weeks.

Months.

Same name. Same warnings.

Still yappin'.

Still cappin'.

[Hook — hard-attack male vocal]

I'm the proof, lil' bitch, you the talk.

Run your mouth, boy, now she wanna walk.

Tell her I'm dangerous, tell her I'm trouble.

Now she's walkin' my way and your problems come double.

Keep sayin' my name, keep paintin' me rough.

Don't look surprised when she slides through like, ("What's up!?!")

[Cocky, confident, male vocal]

You know what's up!

[Verse 1 — hard-attack, half-time]

You keep sellin' fear, but she keep gettin' curious,
every time you mention me, the room gettin' serious.

("Don't trust that boy.") ("Don't fuck with that guy.")

Funny how you say my name, but she givin' the side eye.

You gave her the rumors, you gave her the details,
now she knows my face and she's askin' if they're real.

You keep tryin' to close the door,
but you keep leavin' it unlocked.

[Pre-Hook — hard-attack, stripped beat]

You keep sayin' I'm a problem.

You keep sayin' I'm a threat.

Boy, you talk so much about me,
she ain't forgot me yet.

[Hook — hard-attack male vocal]

I'm the proof, lil' bitch, you the talk.

Run your mouth, boy, now she wanna walk.

Tell her I'm dangerous, tell her I'm trouble.

Now she's walkin' my way and your problems come double.

Keep sayin' my name, keep paintin' me rough.

Don't look surprised when she slides through like, ("What's up!?!")

[Cocky, confident, male vocal]

You know what's up!

[Verse 2 — hard-attack, half-time, her lines as breathy background ad-libs]

You said I'm bad news.

She said, ("oh ya?")

like she ready for somethin'

Now she wanna ask.

You said, "Stay away."

She said, ("Baby you trippin!")

You said, "He's trouble."

Now she wanna find out why.

Every time you bring me up, you put another thought in place,
now she hears my name different when she's lookin' at your face.

You wanted her afraid, now she's wonderin' instead,
you wanted me outside the picture, now I'm somewhere in her head.

That's not my fault, boy, that's your own damn mouth —
you kept drawin' me in ink, then got pissed when she read it out.

[Bridge — spoken, low, deliberate]

Don't blame me. You introduced me.

Don't blame her. You made her curious.

Don't blame the night. You kept talkin' through it.

Now you're mad she's wonderin' what you couldn't prove.

[Hook — hard-attack male vocal]

I'm the proof, lil' bitch, you the talk.

Run your mouth, boy, now she wanna walk.

Tell her I'm dangerous, tell her I'm trouble.

Now she's walkin' my way and your problems come double.

Keep sayin' my name, keep paintin' me rough.

Don't look surprised when she slides through like, ("What's up!?")

[Cocky, confident, male vocal]

You know what's up!

[Verse 3 — hard-attack, half-time]

Weeks turn months, still the same shit,
big talk, no movement, same script.

You call it protection, she might call it obsession,
every conversation somehow turns my direction.

Meanwhile I'm somewhere building, you still talkin' shit,
you keep feedin' her the legend, I'm just standin' in the middle of it.

[Spoken, near-whisper]

No chase. No pressure. No promise. No plea.

If curiosity knocks, that's between her and me.

You made the mystery, made the tension.
kept talkin' so much you became my promotion.

[Final Hook — hard-attack male vocal]

I'm the proof, lil' bitch, you the talk.
Run your mouth, boy, now she wanna walk.
Tell her I'm dangerous, that I'm fucking trouble.
Now she's walkin' my way and your problems come double.

Keep tellin' her I'm rough.
Don't act surprised when she looks at me like, ("What's up!?!")

[Cocky, confident, male vocal]

You know what's up!

[Outro — spoken, low, beat drops out]

All that big-mouth bullshit finally backfired.
You wanted her scared.
You talked me up.
Now she's curious.
That's on you!
